

Assemble and Install 4' House Mount Flag Set

Contents:

- 2'x3' U.S. Flag
- 4' steel flagpole, 2 section
- Eagle Ornament
- Steel bracket with screws
- Two flag rings

Mount Bracket:

Mount flag-holder bracket on vertical or horizontal surface with the three screws included in your set. If mounting to brick or masonry, pre-drill holes, insert plastic screw anchors in holes and be sure screws are as tight as possible.

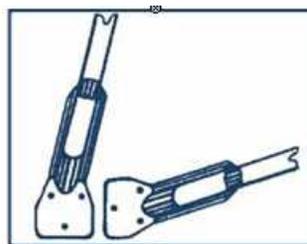

Assemble Pole:

Slide tube sections together to make pole; the tapered ends slide into the straight ends. Insert eagle ornament into top of pole.

Attach Flag:

Slide flag rings on to pole. Lay out flag and position grommet opening over hole of flag rings. Insert plastic screw and tighten to secure. The flag should be outstretched but not tight.

Insert pole into bracket to fly your flag proudly.

For best results, remember to take flag set down during periods of rain, winds and other inclement weather to help prolong life.

Care instructions: Machine wash flag in cold water. Lay flat or hang to dry. Do not put in dryer or fold while wet.
