

Assemble and Install 6' House Mount Flag Set

Contents:

- 3'x5' U.S. Flag
- 6' steel flagpole, 3 section
- Eagle Ornament
- HDPE (heavy duty plastic) bracket is latest model with screws
- Two flag rings

Mount Bracket:

Mount flag-holder bracket on vertical or horizontal surface with the screws included in your set. If mounting to brick or masonry, pre-drill holes, insert plastic screw anchors in holes and be sure screws are as tight as possible.

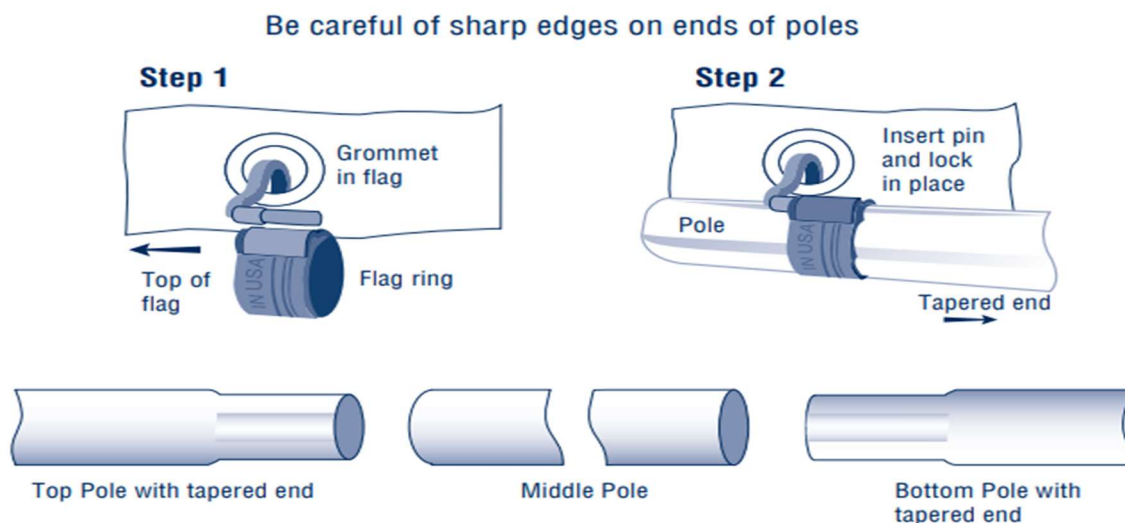

Attach Flag and Assemble Pole:

Step 1 – Locate flag rings (self-locking flag rings). Made in USA logo on ring should always be on top. Put plastic rings through top and bottom grommets of flag.

Step 2 – Attach top ring. Locate pole section with one tapered end. Tapered end will be at bottom. Slide ring on to top of pole. Push pin into opening and lock to secure ring to pole.

Step 3 – Attach bottom ring. Locate pole section with both straight ends – this will be middle section. Slide bottom ring on pole and connect top and middle poles. Slide the ring to desired position and push pin into opening to lock in place.

Step 4 – Assemble last pole section (tapered one end) into middle section. Insert Eagle ornament into top pole. Insert assembled flag and pole into mounted bracket.

For best results, remember to take flag set down during periods of rain, winds and other inclement weather to help prolong life.

Care instructions: Machine wash flag in cold water. Lay flat or hang to dry. Do not put in dryer or fold while wet.
